

Food Truck Business License application checklist-Updated 2025

Per Jerome Town Code Article 8-6, Mobile Food Vendors, you may need to submit the following to be considered for a Business License to operate within Jerome Town limits:

- Business License application
- Copy of current Arizona T.P.T. license (from ADOR)
- Copy of current Health Service license (if applicable)
- Copy of insurance with Town of Jerome listed as Additional Insured: see Jerome Town Code Article 8-6-5, Operational Requirements.
- Copy of current (within 12 months) Fire Inspection (if applicable). If you require a Fire Inspection and have not had a passing inspection within the last 12 months, you will need to coordinate with the Fire Department to have a Fire Inspection completed: see Jerome Town Code Article 8-6-5, Operational Requirements.
- Food Handlers Certificates (if applicable)

Not a requirement but highly suggested: Read Jerome Town Code Article 8-6 to understand the requirements for inspections, disposal of trash, noise restrictions, security, insurance, location, parking, and penalties.
